

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 22, 1995

SUBJECT: **SB 543 - HB 1447**

This bill, if enacted, will require the State Board of Education prior to the 1995-96 school year, to address the following:

1. Special conditions experienced in large urban systems with a disproportionate number of students experiencing special needs;
2. Student fee waivers, especially in systems in which 50% or more of the students qualify for free or reduced price lunches;
3. Special Education services, especially for three-year old children;
4. Public School Nurses;
5. Provision of lunch room monitors for duty free lunch for teachers; and
6. Summer school programs, especially in systems where 50% or more of the students qualify for free/reduced lunches.

The fiscal impact from enactment of this bill is estimated to be an increase in state expenditures to add the components of special conditions in urban schools and summer school programs to the BEP funding formula which are not currently addressed. Such increase in expenditures cannot reasonably be determined but can reasonably be estimated to exceed \$100,000.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

James A. Davenport, Executive Director
